RELOCATION AND REFURBISHMENT OF PERMANENT SPECIAL MARK PILES

Date: On or about 14 September 2007

Previous Notice: 42T-2006 refers & is cancelled

Details: Mariners are advised of the expansion of the Grassy Point Aquaculture Fisheries Reserve. The expansion will require the removal of the two piles and one buoy marking the northern boundary of the reserve. Three temporary buoys will be used to mark the original northern boundary, during installation of three new special mark piles that will be located 317m north of their current positions. These new piles will mark the northwest, central and northern east corners of the reserve.

Mariners are also advised of the refurbishment of all piles, and installation of new synchronise navigation lights at both the Grassy Point and Clifton Springs Aquaculture Fisheries Reserves.

Special Marks at the Grassy Point Aquaculture Fisheries Reserve will have synchronise light characteristic **FI Y (4) 12s**.

Special Marks at the Clifton Springs Aquaculture Fisheries Reserve will have synchronise light characteristic **FI Y (4) 10s**.

The area within these marks will be of limited access as specified by the Geelong Arm Aquaculture Fisheries Reserves Management Plan. This change of marking will standardise marking at coastal Aquaculture Fisheries Reserves.

The special mark pile positions for each reserve are as follows:
