Please Note:

The opened roads within the park are generally good but they rapidly becoming corrugated and dusty in places. Mt Zero Rd has been graded North of Roses Gap, The surface may be slippery after rain. Log trucks may be using Billywing Rd over the next few months drivers are asked to give way to trucks along the road. Some of the seasonally closed 4wd tracks have been reopened but may have areas that are eroded and damaged road surfaces, Drivers using these tracks must take care. Mafeking Rd is open to Mafeking picnic ground. Stony Creek Rd has been opened on the Western end off Glenelg River Rd to allow pedestrian access to the Bundaleer. Roses Creek Rd and Lodge Rd are becoming very corrugated so drivers must slow down when travelling in these areas.
