Port Management Act 1995 (Vic.)

Port Management (Local Ports) Regulations 2015

Setting aside areas in the Port of Port Phillip

The Port Management (Local Ports) Regulations 2015 have been made under Section 98 of the Port Management Act 1995 (Vic.).

The Port Management (Local Ports) Regulations 2015 state that the Port Manager of a local port may make a determination setting aside an area where: the carrying out of an activity in and access to areas is prohibited (Regulation 10). Regulation 14 provide that the Port Manager may specify certain conditions for the use of the areas under each determination.

Under Section 44C of the Port Management Act 1995 (Vic.), Parks Victoria has delegated this power to Regional Directors in an instrument of delegation dated 12 September 2018.

I, Victor Teoh, Regional Director, Melbourne Marine and Maritime, Parks Victoria, determine under the Port Management (Local Ports) Regulations 2015 that the areas indicated in the attached table are set aside for the purposes specified or for the prohibition or restriction of access for the purposes specified, at the times or periods, and in accordance with the conditions, as indicated.

Where the areas covered by this Determination coincide with the areas covered by any other current determinations, this determination replaces those determinations and is in force until such time as this determination is amended or revoked.

This determination applies from the date of signing. All previous set asides pertaining to these matters are revoked.

*** Under Regulation 16 Notice requirements for set aside determinations, Parks Victoria as Port Manager must:***

1. As soon as practicable after making a set aside determination, a port manager must display details of the set aside determination, including any condition to which the determination is subject, in a place or manner that ensures the information is reasonably likely to be seen and understood by relevant users of the local port.
2. Details of any set aside determination made by a port manager—
   (a) must be published in the Government Gazette and on the port manager's Internet website; and
   (b) may be published in any other manner that the port manager considers appropriate.
